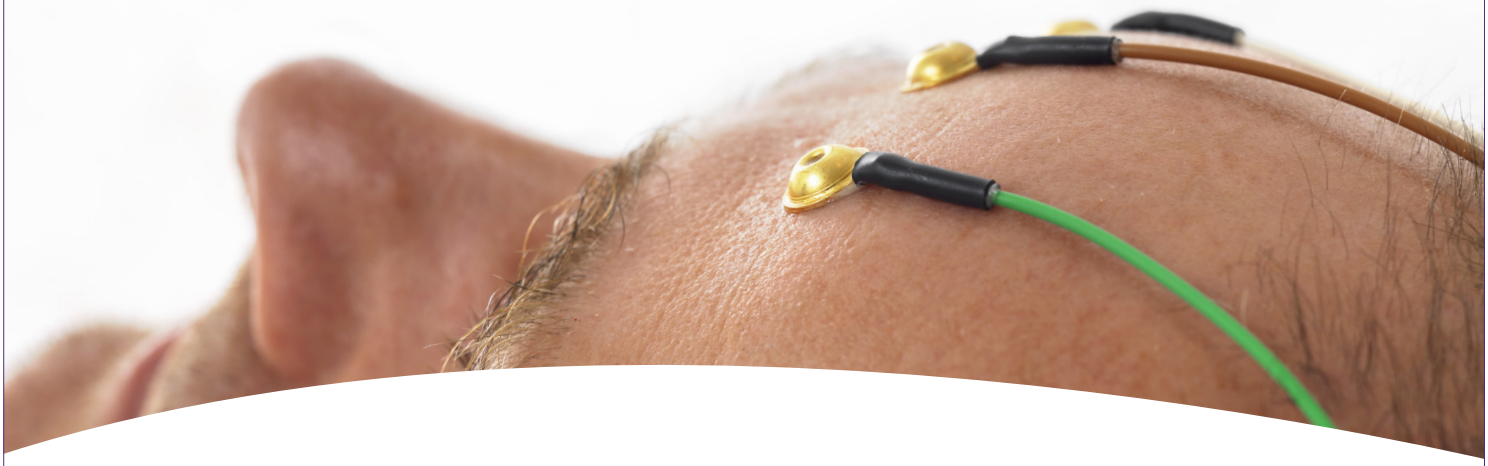
Reusable EEG Cup Electrode Gold and Silver



At Technomed we understand the importance of a crystal clear signal, ease of use and electrode durability.

Our new Reusable Au and Ag EEG Cup Electrodes are designed to give you reliable signal, and ease of use time after time.

Our new electrode head is designed for easy adjustment to patient contours to avoid electrode lift, and the connector is optimized for easy insertion and extraction.

User Benefits

- Clear and reliable signal with optimized layer of Gold or Silver plating
- Elimination of electrode lift with adjustable electrode neck
- Optimal patient comfort with low profile and soft and flexible anti tangle lead wires
- Easy filling of cups with "curbed" electrode hole
- Optimized connector for easy headbox insertion and extraction
- Long electrode life with Kevlar reinforced wires
