Guiding you to a better sleep!

## CPAPology® is a Brand Focused on Improving Your Sleep Experience

*Let us guide you to a better sleep! CPAPology® is a brand focused on improving your sleep experience through a variety of CPAP accessories and anti-snore solutions.*

*CPAPology® was formed on the principle of designing innovative and cost-effective products that complement and enhance your CPAP Therapy. Our products are always designed with the CPAP user in mind so that comfort and functionality is in the DNA of every product we offer. We want to ensure you have a satisfying and refreshing sleep each night.*

*By accomplishing this, we hope to help you reap all the benefits that CPAP provides!*

*CPAPology® products are also all packaged in attractive retail packaging, making it easy to create an effective and eye-catching display.*

Products and/or packaging may vary slightly from images shown in this catalog.

# Problem? We have the solution!

**AeroMate™**

**Problem:** Mask leaks, skin irritation or face marks.

**Solution:** AeroMate™ helps to alleviate troublesome air leaks, irritated skin and facial marks associated with CPAP use. It can also be used as a daily moisturizer to hydrate, soothe and protect sensitive or dry skin. Unscented and petroleum free.

**Problem:** Debris buildup in your CPAP tube.

**Solution:** Monty's soft bristles, soft cotton tip, and flexible 7' length, gently and efficiently clean your tubing.

**Problem:** Do you get tangled in your CPAP tubing at night?

**Solution:** CPAPology® offers every CPAP user the opportunity to avoid frustrating nights of tangled tubing. With a variety of innovative options, we offer tubing support for multiple surfaces and environments.

**Houdini™**

**Problem:** Do you experience water spills, vibration and night stand scratches caused by your CPAP machine?

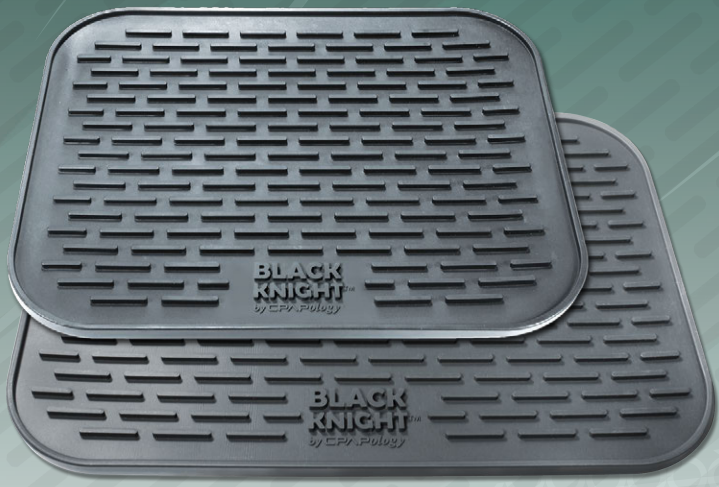

**Solution:** Black Knight™ non-slip silicone mat helps to keep your CPAP machine in place. Absorbs heat & vibration, and guards against water spills.

# BLACK KNIGHT™

## Protector Mat

- Non-slip silicone mat helps to keep your CPAP machine in place
- Absorbs heat & vibration
- Guards against water spills

FLEX™	CY-K8420	663427404204
JACK™	CY-168744	686925168744

# Houdini™

## Hose Support System

Houdini's updated design, with its telescopic pole and bendable neck, offers the best of both strength and flexibility to hold your CPAP tubing in style. You can have confidence knowing your tubing will stay up and out of your way, allowing you to move freely in your sleep. When not in use, simply retract the telescopic pole and make it "disappear" beside the mattress or pillow.

Maximum Height: 38.25"

Product	Part #	UPC # (ea.)
Houdini™	CY-K8405	663427404051

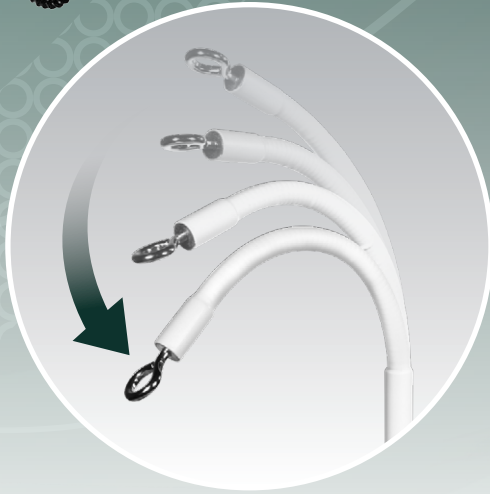

# Houdini™

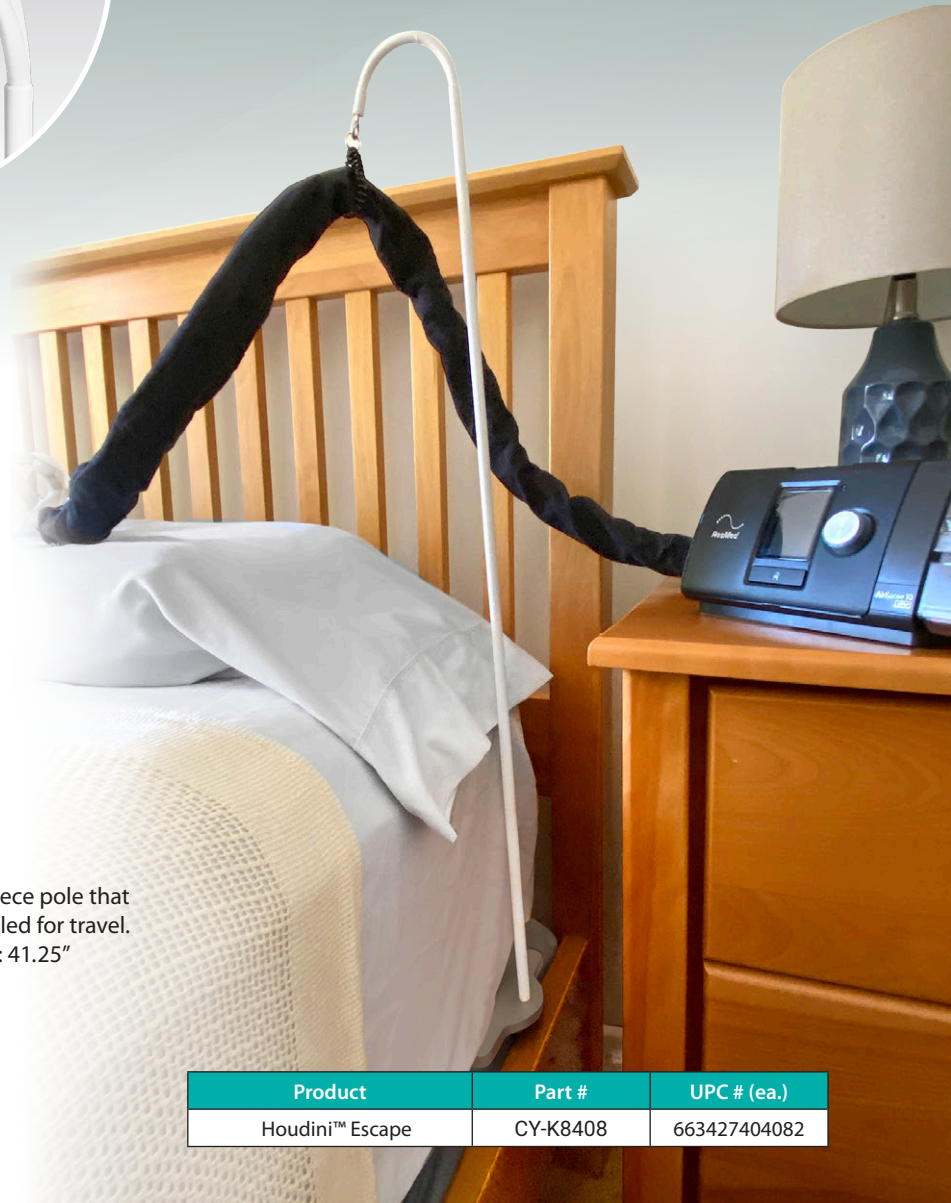

## ESCAPE

### Hose Support System

“Escape” those tubing tangles that keep you from sleeping restfully with the Houdini™ Escape. The bendable tip provides more flexibility for positioning and movement of your CPAP tubing. A quick release clasp allows the hose to be easily removed for cleaning.

Composed of 3 piece pole that can be disassembled for travel.  
Maximum Height: 41.25”

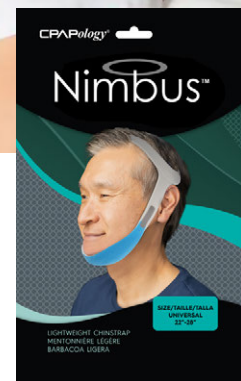

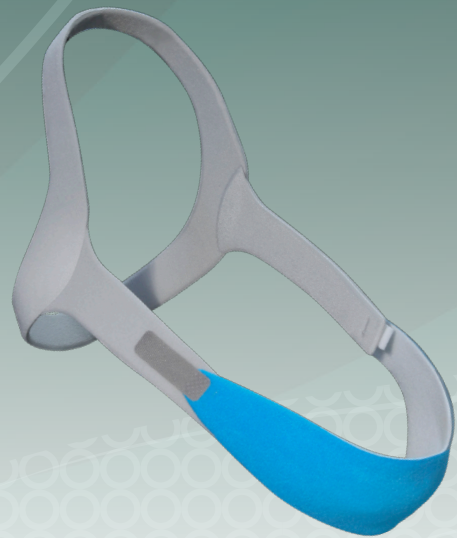

Product	Part #	UPC # (ea.)
Houdini™ Escape	CY-K8408	663427404082

# Nimbus™

## Lightweight Chinstrap

- Soft and breathable nylon material
- Moisture-wicking
- Easy to fit and adjust
- Superior performance and quality
- Exceptional Comfort

Nimbus™ helps you achieve more effective PAP therapy by gently supporting and holding the mouth closed, which encourages nasal breathing.

# AeroMate™

## Moisturizing Lotion with Aloe

- Made with Aloe to soothe skin
- Alleviates troublesome air leaks
- Non-Petroleum based

While today's CPAP masks are made with very comfortable materials and are fitted for your individual needs by your CPAP provider, some CPAP users may find they are still susceptible to a couple of familiar complaints: mask leaks and skin irritation.

AeroMate™ helps to alleviate these concerns with its non-petroleum and aloe based formula by soothing sensitive skin while simultaneously sealing around the CPAP mask. AeroMate™ is also safe for use with oxygen, and can help reduce skin irritability from the use of nasal cannulas.
